4 3/4"	AF4PF		AF7PF	All 6" Evolution, 6" and 7" ProSpec® adjustable accent lights.
6 1/2"	AF7PF			

Features

- 1. Perimeter Frost:** Heat tempered 1/8" thick clear glass. Lightly frosted at the perimeter to diffuse peripheral lamp striations and shadows without affecting centerbeam light output. Subtly smooths outer edges of very narrow beam lamps to provide low level ambient light. Especially suitable for jewelry and crystal display lighting. 2" size for use with MR16 lamps, 4 3/4" size for use with PAR type lamps.

Note: 2" lens may also be used in place of clear lens in 7027, 7036, 7037, 7038, and Evolution series fixtures.

C4MRD series MR16 downlights equipped with perimeter frost glass as standard.
